

Additional Guidance, if required, can be found under 'Help'

This information is not available from this page. Additional existing mapping (including flood and bushfire) can be viewed using the generic [Online Mapping Tool](#)

1. Enter address

2. Click on Planning and Deferred Matters Exhibition to view the mapping

3. View proposed land use zoning and minimum lot size

4. View current land use zones under IDO 122 or GPSO note that this will also show old zones for certain land already under CCLEP 2022

The screenshot displays a web-based mapping application interface. At the top, a toolbar contains icons for Search Address, Initial View, Street Search, Show Legend, Identify, Clear Selection, Print, Point, Distance, Help, Contact Us, and Flooding Information. Below the toolbar is a 'Layers' panel with a dropdown menu set to 'Deferred Matter Exhibition'. Underneath, there is a 'Filter Layers...' section with a 'Filter' button. The main map area shows a geographical region with various colored overlays representing different planning zones. Labels on the map include 'CESSNOCK', 'LAKE MACQUARIE', 'HAWKESBURY', 'WYONG', 'THE ENTRANCE', 'GOSFORD', 'WYONG', 'THE HILLS SHIRE', 'HORNSBY', and 'NORTHERN BEACHES'. A scale bar at the bottom indicates 0, 5, and 10km.
